## PERSONAL PROFILE

---

Dedicated front-end developer and Web Designer with 1+ year of experience crafting responsive, user-centric web applications. Skilled in HTML, CSS, JavaScript, and frameworks like React, Bootstrap, and Tailwind CSS. Expert in adaptive UI design and collaborating in agile settings to deliver high-quality, efficient applications. Known for an eye for design detail and a commitment to accessibility, ensuring seamless functionality across platforms. Enthusiastic about adopting emerging trends and leveraging advanced methods to create visually engaging, intuitive interfaces.

## EXPERIENCE

---

### Web Designer, Front-End Developer

Aug 2023 - April 2024

*Frequent Research Fieldwork Solution Pvt Ltd, Delhi*

- Improved user engagement through developing and maintaining front-end functionalities for web applications.
- Coordinated design efforts with UX/UI teams and backend developers to ensure seamless integration of front-end features.
- Achieved compatibility across major browsers and devices, reinforcing responsive design principles and improving accessibility.
- Enhanced page load speeds by addressing performance issues, boosting user retention and interaction rates.

### Web Developer
